Dear Js,

The stuff on Q is of use to others also. The difference of one could be Mancino, could it not?

Sorry I omitted the period after the unwelcome abbreviation, Je.

Never any rush on returning clips unless I ask it.

Great guy that VN admiral Tran Van Chon (Post didn't carry that one!). Bet that edition of Hai Quan sold out! Clip so good it makes me wonder to whom to give it. Dick Gregory is due in our burg Wednesday. Unless the Lane poisoning was permanent, I may see him. If I do, he's the one!

Jet's dream of Reagan was really ~~xxxxxxx~~ E.S.P. She just had the wrong court and the wrong role. He was paying court to the caducuous spirits. The other great thing on TV news last night, NBC and CBS, was Billy Graham confessing that Nixon's gentle chiding convinced Grahama G is a sinner. He had made a suggestion to which he alleges Nixon responded, "But Billy, that wouldn't be moral!" Hear that, Helen Gahagan Douglas, Jerry Voorhis, Alger Hiss, Whitaker Chambers & cie.

From what I've heard, di Antonio's XMillhouse (try it with free association) is having a similar run in NYC.

Everything about that Hoover-CIA, Riha, Tannenbaum story is absolutely insane, perhaps, the Hoover part being the craziest. He must be power-mad from long practise. (but not what would lead to a caducuous spirit.)

Spent the afternoon remaking a single chapter of PH I to save a page. Phooey!

Many thanks,
